“Hands On Marketing – High Touch or High Tech?”
with Greg Oldham, Reid Real Estate
Past Chairman, North Mason Chamber of Commerce

Tuesday, February 9, 2010
Lennard K's Boat House in Allyn 7:30am – 9:00am*

Local Realtor Greg Oldham had a *good* year. Yes, 2009 was good! If you would like to know why, join us for our popular marketing breakfast on February 9. Greg's philosophy is all about building long-term relationships. Everyone says that, but what exactly does it mean? We've been learning a lot about internet social networking, but meeting people face to face is equally important. Keeping in contact. Making sure your name is the first one that comes to mind when your product or service is needed. It pays, that is for sure, but Greg will be the first one to tell you that it is equally rewarding.

Join us! And walk away with several simple ways you can make a lasting -- make that LONG – lasting impression.

The North Mason Chamber of Commerce is proud to present these marketing breakfasts the **second Tuesday of every month** at Lennard K's Boat House. Not a member? Join us twice, then let's talk! There is no charge for the program, just for your breakfast.

This will be a popular session – please reserve your seat today!
Stephanie Horton is waiting to hear from you.
